SUMMARY

I have 11 years of experience as a computer engineer. I am proficient in a wide range of technologies and programming languages, including Flutter, Unity, JavaScript, Express, Vue, Node.js, C, C++, Go, Php, MongoDB, Sql. I have previously worked on various projects in full-time and part-time roles, achieving successes. With my analytical thinking skills and ability to come up with creative solutions to complex technical problems, I have made valuable contributions to projects. I am also team-oriented and possess strong communication skills. I am focused on continuous self-improvement through my fast learning ability and interest in staying updated with the latest technologies.
